- Created/developed graphics for various corporate web sites using Photoshop, 3D Studio, Freehand and Illustrator.

Freelance Graphic Designer- 2/96-10/96

- 3D graphics & design for "M.C. Escher's Virtual World" CD-ROM
- Graphics for TELE-TV's Intranet, 100 page Powerpoint presentation for TELE-TV
- Developed Mac databases (Filemaker Pro) for Walt Disney Theatrical Productions.

SOFTWARE KNOWLEDGE

I have been to 7 PhotoshopWorld seminars and am a Photoshop power user.

Photoshop CS3 & Illustrator CS3: Graphics for Symantec's software user interface & website, extensive photo retouching and manipulation, occasional print work.

HDV high definition video: Extensive knowledge of this format. Canon XH A-1 camera.

Mac & PC: Familiar with both platforms. When OSX came out, went to Apple in Cupertino for a 'how to design for OSX' seminar.

Premiere Pro 2, After Effects, Sony Vegas v8, Ulead Media Studio Pro V8: For video projects in high definition.

Dreamweaver: used for software prototyping, website creation.

Flash MX2004: Used for software prototyping.

Powerpoint: Most people don't know about the advanced features in this version. It's a very powerful prototyping tool.

Corporate software: Seibel, ETrack, Perforce, LiveMeeting, Microsoft Outlook, Lotus Notes

Vista: I was a beta tester for Vista and Extensive knowledge of the Windows operating system from a graphics perspective.

MAJOR ACCOMPLISHMENTS

- Produced "Basic Portrait Lighting" **documentary** which Brooks Institute used for portraiture class.
- Created **photographic programs** for 'Cameraman's Pocket PC' portable computer.
- Built the **Floatcam** which is an improved Steadycam for video/film cameras.

CLASSES / SEMINARS TAKEN

- Photoshop World: attended yearly for the last 7 years.
- Attended a 2 day conceptual design process seminar specifically for Symantec
- 2 Day Flash 2004 MX personal training
- Silicon Studios Training Center LA: Matador Software course, SGI platform (2D:composite, mask, paint, spline, animate, rotoscope)
- Siggraph Trade Show (1995 & 1997)
- Holography Workshop--Museum of Science and Industry (3/90)
- HDV High Definition seminar (6/04)
- Belong to various photography groups including NAPP--Nat. Assoc. of Photoshop Professionals.
